

The MICH model was designed to replace the PASGT helmet. Its distinctive features that differ from its predecessor include reduced weight, higher undercutting at the edges and no peak at the front. Completed with a bullet-proof visor, the helmet forms full head protection against fragments and direct shots from 9mm and 44 magnum firearms.

Colors:

- Olive.
- Black.
- Other colors on special order.

Protection class:

- NIJ III A (9mm, 44 Magnum).
- Conforms with PN-V-87001 standard from 2011 in K2 bullet resistance class.
