

Features:

- This overt vest protects the user's internal organs against K2-class firearms
- Adjustment hook and loop straps are safe for the outer garment (e.g. shirts, T-shirts) and ensure a high level of comfort
- Top quality materials ensure safety and ergonomics
- Ballistic inserts are shaped so that they offer the largest possible area of protection, without compromising the freedom of movement
- The vest sheathing features the MOLLE/PALS accessory system
- Velcro spots at the back and front of the vest allow for attaching labels (customized labels available, e.g. Forest Guard)
